- If medical advice is needed have product container or label at hand.
- In case of contact with eyes, promptly remove contact lenses and flush with water for atleast 15 minutes. Get medical attention immediately.
- Dispose of content and container in accordance with all local, national and international regulations.

ULTRA SMOOTH MASONRY COAT EXTERIOR FINISH

PRODUCT DESCRIPTION

Lomond Masonry is an ultra-durable exterior emulsion paint that gives your home acidic rainproof technology, suitable for dry to humid climatic conditions and protect the walls from hairline cracks, dirt and dust. It has strong anti-Algal/ fungi compounds and unique cross-linking feature of binder with special organic-inorganic non-fading pigments with anti-carbonation properties.

COMPOSITION

Based on ultra-fine particle size ter-polymer acrylic elastomeric binder with high quality non-fading pigments and silicon additives.

RECOMMENDED USE

Suitable for protection and decoration for all usual exterior masonry surfaces such as brick, concrete, rendering unpainted and repainted substrates.

PRODUCT FEATURES

- Rain Proof in one hour
- Dirt and Crack Resistance
- Non Fading Colours
- Excellent Weather Resistance
- Anti Carbonation

COVERAGE

Following factors will affect the coverage.

- Quality of prepared surface.
- Nature of surface (absorbent / non-absorbent)
- Film thickness applied
- Uniformity of application
- Method of application (roller, spray or brush)
- Weather conditions at site.
- Applicators skill.

1 Litre = 15 m²

2.5 Litre = 40 m²

4 Litre = 60 m²
